FAHAD ALI

SENIOR FULL STACK DEVELOPER | AI-POWERED APPLICATION DEVELOPMENT

Mehmoodabad, Karachi, Pakistan | fahadalihyd2@gmail.com | +92-305-3041408

SUMMARY

Senior Full Stack Developer with 8+ years of experience designing, developing, and deploying scalable web applications across frontend, backend, and cloud environments. Strong expertise in Laravel, PHP, Node.js, JavaScript, Vue.js, React, and RESTful APIs, with hands-on experience in CI/CD, cloud infrastructure (AWS/Azure), database optimization, and system architecture. Growing specialization in AI automation, AI agents, and agentic application development — building and integrating AI-powered features using OpenAI, N8N automation workflows, and modern AI-assisted development tools (Copilot, Cursor, Claude) to accelerate delivery and enhance product capability. Proven ability to lead and mentor development teams, architect scalable solutions, and deliver high-performance SaaS, enterprise, and AI-powered products.

TECHNICAL SKILLS

- Backend: Laravel, Node.js (Express), CodeIgniter, PHP, HTML, CSS
- Frontend: JavaScript, jQuery, Vue.js, React, Next.js, Ant Design, Element Plus, ShadCN, Bootstrap, Tailwind CSS
- Databases: MySQL, MongoDB
- Cloud & DevOps: AWS, Microsoft Azure, CI/CD Pipelines, GitHub Actions, Server Setup & Deployment
- AI & Automation: OpenAI, Google Gemini, Anthropic Claude, AI Agents, Agentic Development, N8N Automation, Prompt Engineering
- AI-Assisted Development Tools: GitHub Copilot, Cursor, Trae, Claude Code, Google stitch.
- Version Control & Collaboration: GitHub, Jira, Agile/Scrum

PROFESSIONAL EXPERIENCE

Sr. Full Stack Developer — Arthur Lawrence, Karachi *September 2022 – Present*

- Design, develop, and maintain full stack applications using Laravel, Node.js, Vue.js, and React.
- Lead and mentor a team of developers, providing code reviews, code suggestions, and technical guidance to improve code quality and maintainability.
- Architect and plan application structure, technical approach, and system design for new features and products.
- Support co-developers in troubleshooting and resolving technical issues across frontend, backend, and deployment environments.
- Build and consume RESTful APIs for web and mobile applications.
- Integrate third-party APIs, AI services (OpenAI), AI agents, and agentic automation workflows into production applications.
- Manage GitHub repositories, branching strategies, and CI/CD pipelines for staging and production environments.
- Set up, configure, and manage servers, and handle application deployments on AWS and Azure with secure, scalable configurations.
- Optimize application performance, database queries, and backend services.
- Collaborate with product, frontend, and QA teams to deliver scalable features.
- Participate in daily Scrum meetings, sprint planning, and task tracking using Jira.

Sr. Backend / Full Stack Developer — Dot & Line, Karachi *April 2021 – September 2022*

- Developed and maintained enterprise web applications using Laravel, PHP, and MySQL.
- Designed and implemented REST APIs for frontend and mobile applications.
- Managed AWS infrastructure, including server setup, deployments, and monitoring.
- Implemented CI/CD pipelines using GitHub Actions.
- Improved application performance through query optimization and caching strategies.
- Generated complex reports and exports using advanced SQL queries.
- Collaborated with cross-functional teams following Agile methodologies.

PHP Developer — Gexton, Hyderabad *December 2018 – March 2021*

- Developed interactive web applications using PHP, JavaScript, and Vue.js on LAMP architecture.
- Interacted with clients to gather and analyze requirements, developing functionality accordingly.
- Collaborated with frontend and mobile developers on APIs using Laravel and Node.js.
- Performed project analysis and managed project features using GitHub branches.
- Handled database and schema design, bug fixes, and testing.
- Managed task tracking using Trello and Google Sheets.

EDUCATION

Bachelor of Commerce (B.Com) — University of Sindh, Jamshoro — 2016

Intermediate: Pre-Engineering — Government Degree College, Hyderabad — 2014

Matriculation: Computer Science — New Banath Higher Secondary School, Hyderabad — 2011

CERTIFICATIONS

- Hugging Face Agents Course — Hugging Face (In Progress)
- Unlocking the Power of ChatGPT: Your New AI Assistant — Arthur Lawrence
- Certification in Web Development — Gexton

AWARDS & ACTIVITIES

- Positive Role Model, Arthur Lawrence (2025)
- Best Performer, Arthur Lawrence (2023)
- Employee of the Month, Dot & Line (February 2022)

PROJECTS

- AI Task Management CRM — Laravel, OpenAI, OCR, N8N
- Skill Inventory Matrix — Laravel, OpenAI
- UpBrainery – AI Content Generator — Laravel, OpenAI
- Monily — Laravel, Vue.js, API
- HGA (Health Grades Analytics) — Laravel
- Dot & Line Learning — Laravel, API
- NxtGen — Laravel, Vue.js
- GS-Films — MERN Stack
- DST Inventory — Laravel, Vue.js, API
- United Builders — Laravel
- MeatApp — Laravel, API
- Argumentlist — Laravel
- Zairyo — CodeIgniter, Xero
- Tareeqna — Core PHP
- Dulabi — Laravel
- TRI Meditation — Lumin
- IEC Courier — Laravel
